### [54] COMPACTED SCHOOLBOOK HOLDER

[57] Abstract: This ideal compacted book holder is designed to help the student in holding the book in a desirable and comfortable manner while reading. It consists of a base divided into 2 halves, joined in the middle with a hinge and 2 fixed (L) shape arms at the bottom laterally to hold the book. The holder base is abutted on two rear legs to tilt the book to 45 degrees angle for comfortable reading. The main feature of the holder is that it is foldable and may be placed in the school bag. This holder is simple in design and durable. It could be made of plastic to meet the light weight requirement and easy handling.
